

## BUSINESS CASH ADVANCE

***You pay back the advance as you get paid by your customers!***

We offer a business cash advance businesses can count on to be the fastest, easiest way to access risk-free, unsecured capital. Quite simply merchant loans are like selling a set percentage of your future credit card sales for cash today. The advance is paid back in a very easy and transparent way. The set percentage of your daily credit card sales will be diverted directly from your credit card processor until the balance is cleared.

Our cash advance lenders will calculate the amount you received on your monthly credit card processing volume. With no minimum payments the scheduled payback is flexible. Every time you collect a credit card payment, a percentage of that will go towards paying off the advance. Once the majority of the advance has been paid back you will automatically be eligible for additional funding.

It costs nothing to get started. Given that you meet basic processing requirements, the cash advance lenders approve for you will be provided within 72 hours.
